

CONTRACT MANAGEMENT BASICS

Get started with contract management in the Queensland government

Effective contract management helps ensure contracted goods and services deliver value for money, meet performance expectations and align with Queensland Government policies and obligations.

This online course builds foundational capability in managing contracts following contract award, providing a structured overview of contract management principles, key roles and responsibilities, and lifecycle activities.

Learners are encouraged to apply the concepts learned in line with their agency's policies and procedures.

Topics Covered

- The value of contract management
- Preparing for contract management success
- The lifecycle of contract management

Recommended for

- Employees involved in procurement or contract management activities

No prior contract management experience is required.
