

ABOUT LOCAL BUY

Purpose of Local Buy

Local Buy provides streamlined, compliant, and transparent procurement solutions for government-funded projects. We help organisations to engage pre-qualified suppliers and manage procurement activities efficiently, while ensuring alignment with industry standards and Departmental requirements.

Through VendorPanel, our online procurement platform, grant recipients can:

- Engage qualified Project Managers, construction contractors, and suppliers of goods and services to meet project requirements.
- Access standard contract documentation.
- Access standard contract documentation.
- Maintain clear procurement records.
- Ensure value for money and compliance with funding requirements.

Our services and access to the procurement platform are free of charge.

Engaging Local Buy

Initial contact and setup

Successful grant applicants must contact the Local Buy team to:

- Seek approval to use Local Buy and understand the process.
- Be set up in VendorPanel.

Procurement of Project Managers and Project Works

Local Buy can assist your organisation to procure a pre-qualified Project Manager through a Request for Quote (RFQ) process under one of our Arrangements.

This process offers the following benefits to the organisation:

- Transparent and compliant procurement processes.
- Assurance that Project Managers hold the required insurances.
- Centralised procurement through VendorPanel.
- Automatic record-keeping and audit trails
- Access to contract templates.
- Continued support and expertise from Local Buy.
- Easy reporting on funding expenditure.

Once engaged, Local Buy will support both the appointed Project Manager and the funding recipient to advise on this process across the planning, coordination, and procurement of all project-related works, ensuring alignment with procurement best practices and project timelines.
